## VENEZUELA WILL FIGHT

Rather Than Yield to the Demands of Great Britain.

HER CITIZENS FULLY DETERMINED

Ready to See Their Homes and Cities Desolated and Laid in Ashes Rather Than Submit to What They Regard as National Dishonor.

WASHINGTON, April 5.—It is stated by persons in a position to speak with authority that as soon as Venezuela is convinced Great Britain has finally declined to arbitrate or settle the boundary dispute, as suggested by the United States through Ambassador Bayard, the southern republic will regretfully but resolutely resort to what she regards as her only recourse—a resort to force. Venezuela fully recognizes the great military strength of Great Britain, but it is declared that her people are ready to see their homes and their cities desolated and laid in ashes rather than submit to what they regard as national dishonor.

Joaquin Crespo, who three years ago led the revolt that resulted in the overthrow of President Palacios, is now president of the republic. He is a brave and deter-

PRESIDENT CRESPO, OF VENEZUELA, is a mined fighter, and is pronounced in his opposition to the British demands. There was considerable hard fighting in Venezuela before the triumph of Crespo's followers, and while the trouble was going on it was openly stated that victory for Crespo and his accession to the presidency would mean the peaceful cession to Great Britain of the disputed territory. When Crespo won, however, and was made president, he proved to be as good a patriot as Palacios had been, and does not propose to give up an acre, let alone the vast territory England demands, with its fabulously rich gold mines, without the bitterest kind of a struggle.

It is said that the contention with Great Britain is not so much one of territory as of the sentiment and honor involved. So firmly impressed have the people become with this that the opinion is expressed that they would rather see their country

go out of existence than pass into the practical control of a foreign power. Little doubt is felt under these circumstances that Venezuela will forcibly assert her rights to the disputed Orinoco territory as soon as Great Britain's rejection of a settlement is definitely communicated.

This territory extends about 150 miles along the coast, running back thirty-five miles to what is known as the Schomburgk line. Through the middle of this strip runs the Orinoco river, commanding the commerce to the interior of South America. Great Britain is already well entrenched there with a naval station at the mouth of the river.

The interest of the United States in the controversy has progressed steadily in recent days. It began with the friendly suggestion through Mr. Bayard of a settlement, and a request from congress that Great Britain submit the matter to arbitration. The United States squadron under Admiral Meade was accorded an ovation at Venezuelan ports quite recently, and steps were taken to commemorate the Monroe doctrine by erecting a statue to President Monroe at the capital of Venezuela. Within recent days Venezuela has granted large concessions of the Orinoco country to citizens of the United States, and a strong hope seems to be entertained on the part of Venezuela that the United States will not stand idly by if a resort to force is made.

It is understood that the position of Great Britain in declining the suggestion of the United States for the settlement of the trouble with Venezuela is substantially as follows:

First—Great Britain takes the position that the question of arbitration was once before proposed by Venezuela. At that time the foreign office gave the subject the most careful consideration, and then submitted a reply embodying a proposition to arbitrate certain definite subjects of controversy. To this proposition Venezuela has never made a reply, either accepting or rejecting the proposed basis of arbitration. Under these circumstances it is not desirable to proceed to a second proposition of arbitration, when the first remains unanswered.

Second—In any event there are certain portions of territory to which Venezuela lays claim, which under no circumstances will be made the subject of arbitration, as they are recognized and established portions of the British domain, and are not, therefore, a subject on which the judgment of arbitrators could be invoked.

Third—The subject matter is one between Great Britain and Venezuela, so that the good offices of the United States are not regarded as essential to a settlement, as it is not understood that the United States has assumed a protectorate over Venezuela or has other interest than that of a friendly power.

### A Wife's Presentation.

LOUISVILLE, April 5.—Joseph J. Willis, head engineer of the Louisville Veneer Mills company, at Campbell and Fulton streets, met death yesterday in a terrible manner. While oiling the machinery he was caught by a flywheel which makes about 200 revolutions a minute and was dashed against the wall and ceiling of the room, crushing him to death instantly. A peculiar fact in connection with his death is that Mrs. Willis told her husband the morning before he went to work that she had a presentiment that something would happen to him.

### THE SAMOAN CLAIMS

Only Eight Per Cent. of the Lands Claimed by Foreigners Confirmed.

WASHINGTON, April 5.—The report of W. L. Chambers, United States land commissioner to Samoa, one of the three commissioners appointed by the treaty powers of Great Britain, Germany and the United States, under the provisions of the Berlin treaty, to adjust and settle all claims by aliens to lands in Samoa, shows that the total number of claims filed before the commission was 3,942. Of these, 1,422 were German, 1,757 British, 307 Americans, 376 French and 130 miscellaneous. The total claims aggregated 1,691,893 acres, while the islands only contain 950,000 acres. Only 8 per cent. of the claims were confirmed.

The British claims amounted to 1,259,270 acres, owing to the fact that one man under a large number of deeds, claimed practically the whole of the island of Savaii, which contains nearly half the acreage of the entire country. This same man also held large claims in other islands, but all except about 15,000 acres of his claims were rejected.

The vast bulk of acreage claimed by Americans was also rejected because of the manifestly inadequate consideration given for it, and because the titles were defective under several of the provisions of the treaty. About 21,000 were confirmed to Americans. Most of them belong to a corporation composed of San Francisco stockholders.

Mr. Chambers says he heard of only nineteen bona fide American subjects in the country, exclusive of officials, and does not believe there are thirty Americans there all told, including those who claim citizenship through naturalization.

### Forgery That Became Law

RALEIGH, April 5.—Governor Carr sent to Attorney General Osborn an official letter regarding the "mortgage law" that has created such a stir. It has been almost proved that the bill is a forgery and was passed by fraud, enrolled by the clerks and ratified by the lieutenant governor and speaker of the house without their knowing the nature of the bill. Governor Carr asks the attorney general to institute a proceeding against the secretary of state, as a nominal defendant, to restrain him from furnishing for publication in the official laws this "act to regulate assignments."

### A Close Vote in Wisconsin

MILWAUKEE, April 5.—Present indications are that it will require the official count to determine whether Judge Winslow or Judge Clemons is elected justice of the supreme court. On Wednesday it seemed certain that Winslow had a majority running up into the thousands, but more complete returns have reduced this lead and make it certain that the result is very close. No one claims more than 3,000 for Winslow today, and the estimates range from that figure down to 1,000.

### Sues His Father for Slander

SAN FRANCISCO, April 5.—The row in the Spreckels family has reached a somewhat sensational stage. Young Gus Spreckels filed a complaint in the superior court yesterday charging his father with slander. Claus Spreckels, in a recent newspaper interview, practically charged his younger sons with embezzlement and "a type of blackmail" by which they were trying to beat him out of \$2,000,000. Gus was suing for \$300 damages, saying he merely wishes to refute his father's charges.

### Urging a Free Trade Party

MINNEAPOLIS, April 5.—The State Democratic association is at work on a great political scheme. It is the formation of a free trade party, which shall embrace the whole country. The association has sent out circulars inviting a conference of all believers in free trade to be held in Chicago during the first week in October. The movement is claimed to have the endorsement of President Cleveland, Secretary Carlisle and many other leaders in the party.

### Whirled Around a Shaft

HONESDALE, Pa., April 5.—Charles Grimstone, aged 14 years, of Bethany, three miles from this place, was seriously injured in an accident at Seelyville mill. He was helping Jacob Hauser to get a lead of sawdust when his sleeve was caught in the key of a pulley and he was whirled around the shaft. His left arm, right leg and three ribs were broken and he was internally injured. His recovery is doubtful.

### Illinois Democrats and the Currency

SPRINGFIELD, Ills., April 5.—The Democratic state central committee of Illinois issued a call for a state convention to meet at Springfield on June 4, to consider the currency question, which it is proposed to make the issue for the next campaign.

### A Florida Lynching

JACKSONVILLE, Fla., April 4.—The body of the negro William Rawls, who was taken from the guards at Newnansville, Alachua county, on Tuesday night, was found yesterday swinging from a limb and riddled with bullets.

### A Murderer Gets a Stay

ROCHESTER, April 5.—Frank Gallo, under sentence of death at Auburn for the murder of a fellow countryman, and who was to have been electrocuted next week, has been granted a stay pending appeal to the court of appeals.

## JURY BRIBING CHARGED.

Unable to Reach a Verdict in the Taylor Brothers' Trial.

### GREAT INDIGNATION EXPRESSED.

Should the Accused Murderers of the Meeks Family Escape Legal Hanging They Will Probably be Lynched by the Enraged Citizens.

CARROLLTON, Mo., April 5.—The jury in the trial of the Taylor brothers for the murder of the Meeks family sent in word yesterday that they were unable to agree upon a verdict. Judge Rucker ordered that they be locked up, and announced that he would keep the jury locked up until tomorrow noon. If they have not agreed by that time he will discharge them.

There is now no doubt that the jury has been tampered with. Sidney Miller, prosecuting attorney of Carroll county, has received a statement from Charles Dickinson, who was on the panel from which the jury was chosen, which is very damaging to the defense. Dickinson swears that on the Monday night before the trial began Jacob S. Williams, cashier of the Bank of Tina, went to him at his farm house and said that if in case he was selected for a juror and would stand out for acquittal there would be big money in it for him, and if he would succeed in hanging the jury there would be good money in it. Williams said that he would see that the money was paid. The next day, Dickinson says, he was approached by Richard Smith, a brother-in-law of Barney Hudson, who is now on the jury, and Smith made the same proposition that had been made by Williams. Dickinson is one of the most reputable men in the county.

There is great indignation in Carroll county that a jury could be found here to do anything but convict the Taylors, as no one has the slightest doubt of their guilt.

Marshal Wilson, of Bowling, says that there is the greatest indignation in Tina and Sullivan counties over the manner in which the jury is holding out. Asked if he apprehended danger from mob violence in case the jury should fail to agree he laughed and said: "Well, you cannot tell what will happen."

"Bill says if he is acquitted he will be returned to Bowling. Do you think he would?" was asked.

"Well, if he did he would last just as long as it would take us to find a rope to hang him."

### Justice Martin's Suit for Slander

NEW YORK, April 5.—Police Justice Bernard F. Martin has brought an action against Abram C. Bernheim, a member of the committee of seventy, a trustee of the City club and a professor of Columbia college, to recover \$10,000 for slander. Martin alleges that at a meeting of the Chamber of Commerce Bernheim said: "On the police bench at present is Bernard F. Martin, commonly called 'Barney,' who was formerly in the liquor business with 'Red' Leary and his wife Kate, one of the most notorious burglars in the country. His saloon was the resort of the most disreputable classes in the community."

### Rainey Coke Works Close Down

CONNELLVILLE, Pa., April 5.—The Elm Grove and Mount Braddock plants of the Rainey coke works were closed down indefinitely yesterday, and a portion of the Rainey ovens in the Vanderbilts region have also been blown out. Officials of the Rainey company state that the trouble is caused by drunkenness among the men, who do not report for work regularly. It is believed here, however, that Rainey cannot afford to grant the 16 per cent. advance given by the other operators, and will let his plants remain idle. This will not affect the other plants in the region.

### Opposition to the Bell Telephone

NEW YORK, April 5.—There is no doubt that a new telephone company, to be known as the Standard Telephone company, is now being organized in this city. Several of those whose names have been mentioned in connection with the project declare, however, that they have no interest in it whatever. It is understood that Thurlow Wood Barnes is to be president of the new concern.

### A Big Railroad Transfer

BAKERSFIELD, Cal., April 5.—A trust deed was recorded in the county recorder's office yesterday by the Southern Pacific company transferring all its property, including rolling stock in this and other counties, to the Central Trust company of New York, the consideration being \$33,000,000.

### Exonerating Motorman Seitz

HAZELTON, Pa., April 5.—Coroner Gorman and a jury began last night to hear testimony as to the cause of the accident by which four persons were killed on the trolley line here last Saturday. Motorman Seitz, who was in charge of the runaway car, testified that the brake chain broke and the gearing under the car gave way when he applied the reverse current. He then tried to reach the rear brake, but the passengers prevented him from doing so by crowding the platform. Four of the uninjured passengers testified as to Seitz's efforts to apply the rear brake. The investigation was adjourned until tomorrow, on account of the inability of some of those who were hurt to be present.

### Mr. Stokes Pays His Tax

NEW YORK, April 5.—W. R. D. Stokes has sent a check to the collector of personal taxes for \$520 assessed on him in 1893 on \$7,000 of shares in the defunct Madison Square bank. Justice Beach on Wednesday signed an order committing Mr. Stokes to the county jail until the amount claimed was paid.

### Crushed Under a Jail Wall

LOUISVILLE, April 5.—While workmen were tearing down a wall at the jail here yesterday it fell, burying Taylor Mills, colored, underneath it, and crushing him to death.

### FIGHTING FOR "SAINT TERESA."

Mexican Fanatics Create a Miniature Revolution Just Over the Border.

GALVESTON, Tex., April 5.—A letter to The News from Presidio, Tex., on the Rio Grande, tells of an incipient insurrection among Mexican fanatics. The trouble, which has been brewing among the Mexicans of the border over the person known as "Saint Teresa," who claims power to perform miracles, broke out again this week. The more ignorant of the Mexicans are greatly stirred up about the matter.

The miniature revolution which took place at Mulatto has culminated at Ojinango (Presidio del Norte), Mexico. The prisoners taken at Mulatto were incarcerated in jail at Ojinango. The hunchback leader of the Saint's party demand the surrender of the prisoners, and upon being refused sent word to Ojinango that he would use force to obtain them. Suing his actions to the words the hunchback started with an armed force of 150 men.

The authorities, hearing of his approach, started a force to meet him, and in the fight which ensued, which was kept up until dark, eight were reported dead on both sides and several wounded. The authorities retreated to Ojinango, and the hunchback remained outside the walls of the city, threatening it for three days, and Ojinango is still in a state of siege. The women and children have crossed the Rio Grande into Texas for safety.

### BATTLE WITH TRAIN ROBBERS.

One Man Killed and Several Wounded in Indian Territory.

OKLAHOMA CITY, April 5.—Five men stopped a Rock Island train near Dover, I. T., at a late hour, and made a desperate but fruitless attempt to secure the contents of the safe in the express car. Express Messenger Jones refused to open the door, and was shot through a crack in the door, sustaining a serious wound. The robbers went through the cars, which were well filled with passengers, and compelled them to empty their pockets, securing in this way \$350, six watches, two diamond rings, and other articles of value. Then the robbers rode off.

Word has reached here that the posse which went in pursuit of the outlaws overtook them about fifteen miles from the scene of the robbery. In a fight that followed one man was killed and several wounded. Names are not given. The leaders of the robbery, it is now known, were Charles Bailey and Zyp Wyatt, of Ingalls. Payne county. They were recognized by ex-United States Marshal Grimes, who was a passenger on the train. The others were evidently local thieves from Okfuskee.

### General Alanco Lands in Cuba

MADRID, April 5.—A dispatch from Cuba states that a filibustering steamer was run ashore near Duabaz, a short distance east of Baracoa, near the eastern extremity of the island, and twenty-two rebels were landed, including General Alanco, Combet and Valdes. Two sailors belonging to the steamer were captured by the Spaniards. They stated that the filibusters had killed the captain of the vessel for refusing to land them at the place they desired. Senor Dupuy de Lome, the newly appointed Spanish minister to the United States, left Madrid Wednesday evening with Marshal Martinez de Campos. He accompanies the marshal to Cuba, and will proceed thence to Washington.

### Clerk Nolan's Notings

NEW YORK, April 5.—Nothing has yet been heard of William T. Nolan, formerly clerk of the Park Avenue hotel, who disappeared on Saturday last, leaving many irregularities in his books. It had been said that the extent of Nolan's defalcations might run from \$20,000 to \$30,000, but General Earle, proprietor of the hotel, said that he did not think the amount was over \$3,000. He said that Nolan had stolen the money by turning over false balances to the auditor, Miss Lansing. Nolan lived in a flat in West One Hundred and Fifty-first street with his wife and two little children. The story that he led a double life is indignantly denied by his friends.

### A Connecticut Murder Mystery

NEW HAVEN, April 5.—The state expert who has been examining for several months the blood stains at the home of Storkewski, the Pole accused of murdering his wife and stepson at East Thompson, has determined, after several hundred tests, that the blood is human. This has been one of the most mysterious tragedies in the records of Connecticut crime. The most careful search thus far has not revealed the bodies. The accused man says that his wife and child have gone away, and that the blood in the house is that of chickens.

### Mrs. Lease Will Make a Legal Fight

TORONTO, Kan., April 5.—The new state board of charities met at the asylum and organized by electing Morton Albough, of Kingman, as president and George A. Clark, of Junction City, secretary. The election of Clark as secretary was a recognition of the man appointed by the governor as successor of Mary A. Lease. Mrs. Lease was present and gave notice that she considered the proceedings illegal, and said she would take steps at once to have the new secretary ousted from the board.

### Lawyer Disbarred for Fraud

TRENTON, April 5.—John W. Warman, a lawyer of many years standing and large practice in Camden, was disbarred yesterday by the supreme court, which rendered a decision in the matter of the charges against the lawyer. There were fourteen of these, contained in as many specifications, all of which charged either fraud or extortion. The court took up only two of the cases, saying that all the others were of a kindred nature.

### A Young Wife Murdered

CHARLESTON, W. Va., April 5.—News has been received here of the murder of the 18-year-old wife of Riley Thomas, near Sissonville. The murdered woman was found dead in her bed, having evidently been choked to death. Suspicion of the crime has fallen upon her husband, who for some time has been disturbing the neighborhood by his insane jealousy.

## ENTHUSIASTIC CUBANS.

The Spirit of War Runs High at a Jacksonville Meeting.

### ENTHUSIASTIC DEMONSTRATION.

Stirring Addresses by Gonzalo de Quesada, Secretary of the Cuban Revolutionary Society, Ex-State Superintendent Russell, and Others—American Sympathy.

JACKSONVILLE, April 5.—The spirit of war rose high here last night at the big Cuban mass meeting in behalf of the Cuban cause. The meeting was held in the Metropolitan Light Infantry armory. Cubans from far and wide were there, and on the stage were a number of prominent citizens of Jacksonville, while in the body of the audience were many ladies. The chief Cubans present were: Fernando Figueredo of Tampa, Dr. Fermín Saldaña Domínguez and Gonzalo de Quesada of New York and R. J. Martínez, E. M. Delgado and J. P. Canelo of Jacksonville. John G. Christopher, who is one of the best known business men in Florida, presided, and said that they met in the cause of freedom. He introduced Gonzalo de Quesada, secretary of the Cuban Revolutionary Society of New York.

Quesada lifted his audience into a state of enthusiasm. "I do not come here to rehearse the failure of the revolution of 1895," he said. "I come to say that men of that revolution are in Cuba today with rifles in their hands. The new revolution has begun. It must end in the freedom of the island or else the belligerents and their children must go to the scaffold. Spain already has 32,000 soldiers in the island. Do you think the crown would send an army to overcome 150 bandits, which is declared to be all that is at the bottom of the disturbance?"

"If this struggle fails it will be the fault of you Americans, for why did you teach us lessons of liberty? If we do not succeed yours will be the great crime of not having given succor. But Americans will not fail us. From every hand comes aid. Dollars have been pouring in, and with these dollars rifles and bullets have been bought. American public opinion is saying, 'Let Cuba in her fight have fair play. We hold the scales.'"

The speaker paused here for a moment and then said impressively: "Ladies and Gentlemen, I thank you for this reception; it may be the last time I shall see you. The fortunes of my country may take me to the field. My death I may meet there, but I shall take to my country messages of encouragement and love from our friends in America."

Demonstrations of wild delight greeted Quesada's last words.

This enthusiasm was increased when ex State Superintendent of Schools A. J. Russell was introduced and after a few preliminary words said: "I am greatly impressed to see so many women here tonight. Let me tell you Cubans that when God and the women of the United States are on your side hell itself cannot prevail against you. But above all I ask the blessing of Almighty God on your cause. You should ask him to aid you, and then you should use your powder and ball."

The band played "Yankee Doodle," and the meeting went up a cheer.

Fernando Figueredo explained the situation in these words: "The old mother country, after trying to secure a loan from England and France, has failed. She says she will send 100,000 men against Cuba, but Cubans know and you know that she cannot get the money to send them. She has sent General Campos, her ablest statesman, to Cuba, and when that fails, what then?"

A committee of five appointed by the chairman, and composed of Americans prominent in Florida affairs, presented resolutions, which were adopted with great enthusiasm, "sympathizing with the Cuban patriots in their desires and efforts to free Cuba from foreign control and obtain for the people of that island the right of self government, so much prized by us," and that "it is the duty of all lovers of free American institutions to express sympathy with the oppressed people of Cuba and their desire to see them free."

After further speeches, marked by much enthusiasm, the meeting adjourned.

### Another Faith Curist Arrested

TUNKHANOCK, Pa., April 5.—D. N. McKee, a Scranton Christian scientist, was arrested by Constable Vaughn for practicing his alleged healing art for a valuable consideration upon the late Elmer E. Brown, of this place. Brown was suffering with Bright's disease, and died within a few days after McKee's treatment commenced. The latter, who is not a registered physician, gave bail for a hearing next Monday.

### Prize Fighter McGarry Out on Bail

NEW YORK, April 5.—John McGarry, the prize fighter, who is under indictment for manslaughter in causing the death of another prize fighter, William J. Neary, was admitted to bail yesterday in \$2,500. On the night of Oct. 17, 1893, McGarry met Neary in the ring. The men fought five rounds, and then Neary was knocked senseless to the floor. He died on the following day from concussion of the brain.

### On Strike for Money Due Them

NEW BRUNSWICK, N. J., April 5.—Seventy-five deputy sheriffs are guarding the works of the Staten Island Terra Cotta and Lumber company, at Spa Springs, near Woodbridge. There is a strike at the works because the men were not paid. They had been promised their money yesterday, but did not get any of it. They hung about the works and threatened to commit violence unless they were paid.

### Pistol Went Off in a Struggle

POTTSVILLE, Pa., April 5.—A fight occurred in Jones' hotel, Auburn, between Peter Fouk and John Dissinger. The fight grew out of an old feud. The men grappled, and in the struggle that ensued a revolver in Fouk's pocket was discharged. The ball entered his right thigh, and has not been found. Fouk is lying in a precarious condition.

## PENNSYLVANIA LEGISLATURE.

The Baker Sweat Shop Bill Goes Through the House Finally.

HARRISBURG, April 5.—The ease with which the Riter judges' retiring bill passed second reading in the house yesterday was a surprise to the most sanguine friends and a sore disappointment to the opposition. The measure provides for the retirement of judges on full pay who have served twenty consecutive years, or thirty years altogether, and have reached the age of 70. Should it become a law the only judges whom it would now affect are Judge Hare, Finletter and Allison, of Philadelphia. The country members say they will make a fight on the bill when it comes up on third reading.

The bill to provide for the purchase of school books at the lowest prices by school boards passed second reading.

A bill was introduced by Mr. Fowle to prevent the sale of guns, rifles, carbines and small arms to minor children. The bill provides punishment for violation by a fine not exceeding \$100 or an imprisonment not exceeding one year or both.

The Seyerbill to protect railroad travelers and define and punish train robbery passed finally on a special order, with only one vote in the negative.

The Baker "sweat shop" bill, providing for the appointment of eight additional factory inspectors to look after the safety of persons employed in tenement houses and shops where clothing, cigars, cigarettes and certain other articles are made, except sweatshops to whom work is given for public charities, etc., passed finally. The bill has already gone through the senate.

The Grigsby bill for a state fire marshal and assistants to enforce the laws against arson was killed on second reading by an overwhelming majority.

The Crothers pure food bill was amended by striking out all provisions relating to drugs, and then passed second reading.

A Big Campaign Fund Disappears.

CHICAGO, April 5.—The Post prints a sensational story regarding the disappearance of a \$20,000 Democratic campaign fund. The Post states that the managers of the recent city campaign in which the Democratic nominee, Wenter, was defeated, charge his defeat to a lack of necessary funds, and also charge that an enormous sum has been appropriated by five or six men high in the Democratic political circles of the city. The fund, the Post says, was raised by assessment of city hall employees and others, and amounted to about \$200,000. The Wenter managers claim to have positive proof that the fund existed prior to the last election, but say they were unable to get any part of it for campaign expenses.

Shot in Mistake for a Burglar.

MILLEDGEVILLE, Ga., April 5.—About midnight Professor W. E. Reynolds shot and killed Pat Shea, a young white man of this county, who was on Reynolds' front porch and whom Reynolds thought was a burglar. It appears, however, that Shea was in an intoxicated condition and did not know what he was doing. Reynolds is a professor in the military college here, and is one of the most prominent citizens. Shea was about 30 years of age and a law abiding man. The coroner's jury rendered a verdict of justifiable homicide.

W. Wilson; Ammendale, J. W. French; Butler, S. W. Tipton; Snyderburg, E. A. Snyder; Thomas Run, W. T. Forward. Pennsylvania—Blystone, Mrs. M. J. Payne; Oakville, J. M. Brown.

A County Treasurer's Shortage.

PITTSFIELD, Ills., April 5.—For some time a shortage has been suspected in county treasurer's office, and a committee has been on the books. As a result J. W. Linville, deputy county treasurer, has been arrested, and is now looking for bondsmen. His shortage is estimated at \$5,000.

Office Seekers After Mr. Wilson.

WASHINGTON, April 5.—Secretaries Carlisle and Gresham called on Postmaster General Wilson yesterday, but the new cabinet officer was out. Mr. Wilson's first day of official life in the department was devoid of any special interest, and the business brought before him was almost wholly of a routine nature. He has already been crowded with applications for positions, many persons seemingly being of the opinion that a change in the head of the department means changes in other positions.

O'Brien's Shot Proves Fatal.

PARIS, April 5.—Waddle, the man who was shot by the American crook Brien, in the railway station on March 27, is dead. The shooting was the result of a quarrel over a variety actress, with whom both were enamored.

Strike in a Massachusetts Silk Mill.

NORTHAMPTON, Mass., April 5.—Eighty strikers who left the Belding silk mills on Wednesday on account of a cut in wages had their ranks increased yesterday by fifty more, thus making 130 strikers in all. The strikers demand the restoration of the cut made in their wages about a year ago. The mills continue to run.

An Old Man Killed by a Train.

ROCHESTER, April 5.—The jury in the case of Patrick Gavin, charged with the murder of Howard L. Abbott last summer at Ontario Beach, last night brought in a verdict of not guilty. The murdered man's watch was found on Gavin when arrested.

## A Big Strike Averted.

PHILADELPHIA, April 5.—The meeting last night of the conference committee composed of representatives of the Bricklayers' company, made up of employers, and the Journeymen's Protective association resulted in an amicable agreement. This is to the effect that from the first Monday in April, 1935, to the corresponding day next year, the smooth hands, or those capable of any sort of work, shall receive from forty-five to fifty cents an hour, and the rough hands from forty to forty-five cents. It had been stated that if no satisfactory arrangement could be reached the 2,300 journeymen bricklayers composing the association would go on strike.

## Sold His Wife For \$25.

Joe Mix of Anderson, Ind., known all over the central states, sold his wife to Joe Bodgley for \$25 cash and gave Bodgley her bedclothing and a few other trinkets to boot. After getting legal advice as to the validity of the transaction Bodgley took his newly purchased property to his home. At the last term of court Bodgley was divorced from his wife. About a year ago Laura Clearwater was divorced from her husband and soon after was married to Joe Mix. Mrs. Mix went to the office of Kittinger & Reardon, where Bodgley was waiting, and told the attorneys how it was. She said Joe had sold her and her things to Bodgley for \$25 cash, and the money had been paid. She wanted to know if such a contract was binding. Mr. Kittinger, who is the religious member of the firm, read a few verses from the Bible which advise that a woman obey her husband in all things and very solemnly advised Mrs. Mix to follow the Scriptural injunction. They will live together unless the law interferes.—Cincinnati Enquirer.

## The English Idea of It.

This is the remarkable dialect the London Telegraph puts in the mouth of an "American bank clerk" who was arraigned before a London magistrate for cruelty to his wife: "Wall, now," said the A. B. C., as reported in The Telegraph, "if you repeat that that sentiment, I'll first let you know what real flapdoodle is. \* \* \* Of course, when I hit her so promiscuously, I was very bad with this intemperance and jest: little irritable," etc. To our English consins Brother Jonathan's language is still the Josh Billings dialect. It is to be hoped that the London Dialect society will not miss this choice morsel for their new dictionary.—New York World.

## A Queer Lawsuit.

A man was fined \$40 for susezing in a theater in San Francisco and refusing to go out.

## Cooking Soirees.

"Cooking soirees" are the latest fad with fashionable women in Paris. They have taken up the art of cooking as an accomplishment and with a zest which bids fair to achieve a great success. Frenchwomen are natural cooks and have the charming knack of adding a dainty grace to this practical employment, which is very taking with the men. They have a sort of bar arranged in their drawing rooms, and behind this ladies cook savory dishes and serve them to their guests.—Paris Letter.

## Woman's Rights.

Miss Susan B. Anthony says: "While it is true that women have only secured full suffrage in two states, they have secured partial or local suffrage in more than 10,000 communities. The only difference that remains, the last surviving relic of the age when woman was chattel property and was the savage slave of a still more savage lord, remains to be wiped away. When this is done, for the first time in the world we will have perfect liberty and perfect equality."

## Is or Will Be.

One of those grammarian friends met me the other day and asked me which was correct, "Tomorrow is Sunday" or "Tomorrow will be Sunday." I told him the following story: Years ago the Reading Railroad company issued an order requiring its brakemen, as soon as a train started from any station, to call out the name of the next stopping place.

For awhile the trainmen, instructed doubtless by some grammarian of the road, would do this by saying, "Next station will be"—Allentown, Reading, etc. An editor took them to task for it, pointing out the absurdity of using the future tense in speaking of that which always is in the same place. After that the brakemen dropped "will be" and cried, "Next station"—Allentown, Reading, etc.—Philadelphia Call.

You'll have to Insist, sometimes, upon getting Pearline. Otherwise, grocers may give you some poor imitation of it, which pays them a larger profit, but which it will not pay you to use.

It isn't enough to order Pearline. See that you get it. It has grown into favor so rapidly that it has not only brought out a host of imitations, but it has led people to call any powdered soap, washing-powder, or so-called washing compound—anything in the way of a powder for cleansing purposes—Pearline. This is all very flattering to Pearline, but if it's these imitations that you've used, you can't be enthusiastic.

## CRYSTAL RUN.

**The Farm Help Question—Creamery Prices—Lost a Horse—A Wishap.**

Correspondence ARGUS and MERCURY.

—Augustus Harlow went to New York, April 1st, to get a greenhorn to help him with his farm work. The low price of milk and the high wages which native help demand incline farmers to depend on recently arrived foreigners. This, it seems to me, is a mistake. It would be better to get a good man for half a month, than he would do as much work, and the farmer would save half a month's board.

The only trouble with this scheme is that it would be hard to find a good man who will work on such terms, and farm work comes with such a rush that every farmer wants extra help at the same time.

—The creamery here paid half a cent less than New York prices for April milk, making the price a cent and three-quarters. The creamery price is, I understand, to be half a cent off the New York price for six months, which means a cent a quart before the summer is over.

His horse gave a spring and broke the shafts from the wagon, but Mr. Mills pluckily held on the reins and stopped the horse as it drew him out of the mud and water.

FRIDAY, APRIL 5, 1935.

The taxpayers of Binghamton were so outspoken in their condemnation of the action of the city Board of Health, in appointing an attorney at a salary of \$500 a year, that the Board gave up its attempt to provide a place for a Republican lawyer and induced the attorney whom they had appointed to tender his resignation, which was promptly accepted.

The General Term of the Supreme Court has affirmed a judgment obtained by the Springfield Fire Insurance Company against the village of Keeseville for the amount of a policy on a house in the village, which was destroyed by fire. The company paid the policy and then sued the village on the ground that the house could have been saved had not the village neglected its water works, so that an adequate supply of water could not be obtained with which to extinguish the fire. The opinion of the court is very explicit as to the duty of a municipality, which has undertaken to provide its citizens with water, to maintain an adequate supply, with the same care and diligence that would be exacted of a private company that had undertaken such an important public duty. There are possibilities in this decision which may prove very costly to Middletown if it takes too many chances and neglects to increase its water supply.

## OSCAR WILDE'S CROSS IMMORALITIES

The Case Against Queensberry Abandoned When Full Exposure of Wilde's Practices Was Threatened. Queensberry Found Not Guilty—The Jury Finds His Charges True and Made for the Public Good.

LONDON, April 5.—The jury in the Wilde case found the Marquis of Queensberry not guilty and further declared that Queensberry's charges were true and were made for the public good.

When the trial of the case was resumed to-day the court room was crowded almost to suffocation. Counsel for defendant resumed his speech and said he would put upon the stand servants, valets, etc., who would speak freely of their relations with Wilde, and overwhelming evidence of the abominable immorality of Wilde would be produced.

Counsel for Wilde interrupted at this point and said he had consulted with Wilde and in order to save the court the painful details connected with the rest of the case he was prepared to accept the verdict of the jury in regard to Wilde's literature.

The Judge said the jury must return a verdict of guilty or not guilty as regards the entire case.

The jury then rendered the verdict as above stated. When the verdict was rendered Queensberry left the dock amid cheers. The court granted an order requiring Wilde to pay the costs of the defense.

Wilde has been arrested on a warrant issued on Queensberry complaint.

## BOLD BURGLARS AT CORNWALL.

The night watchman at the company's office was decoyed from duty by an incendiary fire at the school house, a mile away, and when he returned the burglars had completed their job. The village store was also robbed.

## Plans of the Lehigh and New England Railroad.

A Philadelphia dispatch is to the effect that the Lehigh and New England Railroad Company, successor to the P., P. and B., will build an independent line from Pine Island to Campbell Hall unless it can make satisfactory terms with the Erie for the use of its Pine Island and Montgomery branches. The line from Swartswood Junction to Hainesburg will also be completed. It is the general belief that the Lehigh Valley road is back of the re-organized company.

Yielding to the pressure of public opinion, Paterson's Board of Education has agreed to rescind its resolution abolishing the public commencement exercises of the high school.

## DR. DARWOOD'S CHARACTER PASSED

"Nothing Against Him," Said the Presiding Elder, This Morning, and the Grand Compromise Was Consummated.

Special to the Argus.

Kingston, April 5.—When Presiding Elder Mickle made his report on the characters of ministers, this morning, he reported, when Dr. Darwood's name was called, "nothing against him." Not a word was said, nor was there a ripple to disturb the Conference.

This means that the deal announced exclusively in the Argus, Wednesday, by which the charges against Mrs. Royce and Dr. Darwood were to be withdrawn, has gone through without a hitch. Whatever opposition there may have been on the part of any member of Conference to compromising a case that from its very nature could not be compromised, has been silenced.

The deal must commend itself to Conference as the best way of getting rid of a nasty and very disagreeable scandal, or Conference would not have sanctioned it. The general public looks at it very differently. The compromise is so grotesque that Dr. Darwood's friends and enemies have not yet recovered from their surprise at such an ending of a case involving such grave issues, and in which the question of veracity between Dr. Darwood, Mrs. Royce and others were so distinctly drawn.

The general public can, however, stand the compromise if the Methodist Church can.

## MURDERED MARY MARTIN.

Four Years the Wife of One of Middletown's Well Known Colored Citizens—His Story of How He Met, Married and Left Her—Sure of the Woman's Identity.

The murder of the colored woman, Mary Martin, in New York city, has assumed a local interest from the fact that the woman is believed by George W. Johnson, a well known colored man of this city, to be a woman to whom he was married about four years ago, and with whom he lived at No. 5 Varick Place, New York, for about two years.

Mr. Johnson recognized the picture of Wm. Caesar, the murderer, which was published in yesterday's *Herald*, as the man who was the cause of his separation from the woman.

Four of five years ago, Johnson says, he was janitor of an office building at 129 Broad street, New York. He was taken by a friend one evening to call on Miss Mary Martin, who lived at No. 5 Varick Place. Her rooms were well furnished and there was an air of respectability about her surroundings which impressed Mr. Johnson so favorably that he repeated his call at an early date. The woman was not long in finding out that Mr. Johnson was in receipt of a pension and was earning good wages. He thought she had money and the couple were not long in coming to an understanding. A man called at the house one night and the ceremony of marriage was performed. Mr. Johnson later learned that the ceremony was a "fake," and that the man who pronounced them man and wife was not a minister.

Shortly after his marriage Mr. Johnson brought the woman to visit relatives in this city. The woman was bright and made a very showy appearance. Johnson lived with the woman for two years, and during the latter part of his stay, he says his home was made very unhappy by the woman's conduct. She frequently entertained men during his absence and when William Caesar, her murderer, began to come around, her relations with him were so open and flagrant that he could stand it no longer and left her.

Four days afterwards he returned to the house and a violent quarrel followed, in which she threatened to kill him, saying that nothing would happen to her, as people would think she was crazy. She caused his arrest on a charge of abandonment, but he was discharged.

Johnson was prevailed upon by his relatives to leave New York two years ago, and he has since resided in this city.

Johnson is a veteran of the war and receives a pension of \$12 a month. He was a servant to Captain R. A. Malone, in the 124th Regt. N. Y. Vol. He is familiarly known as "Bunker Hill" and also as "Bull Run John." He is about sixty years old.

He is positive that he is not mistaken in his identification of the woman, as her history, as published in the New York papers, agrees with many things she told him concerning her past.

Maud Barrett to Assist "The Ladies' Club."

"The Ladies Club" gave a good and unobjectionable performance at the Casino, last night. The company will appear again to-night, and to-morrow afternoon and evening. Little Maud Barrett, of this city, the child wonder, will appear to-morrow afternoon and evening in her wonderful dances.

## KILLED AT GREYCOURT.

A Middletown Man Boards a Coal Train, Gets Drunk, Falls Off and is Run Over and Killed.

J. H. McFarlin, of this city, fell from a coal car at Greycourt, yesterday afternoon, and was run over and so badly injured that he died in a few minutes.

McFarlin came to this city from Pittsburgh, Pa., with Orr Brothers a year ago. He was an expert paver and worked for the firm until their contracts were finished here. Since then he has worked at anything he could get to do, his last employment being at Sayer's livery stable.

About 1 o'clock, yesterday afternoon, he left, saying he was going to Newburgh. He went to the Summit, taking with him two boys, Harry Malone and Charlie Wood, having first provided himself with a bottle of whiskey. The party boarded a coal train and McFarlin drank so often from his bottle that by the time Greycourt was reached, he was almost helplessly drunk. He was lying on a car of coal and while the train was switching, rolled off and fell upon the rails. The cars passed over him, cutting his legs off at the thighs. He died before he could be carried to the depot.

Coroner Decker was called and held an inquest, and turned the body over to Undertaker Mapes, at Monroe.

From papers found on his person the Coroner learned that he had a wife living at East Liberty, Pa., and telegraphed her of her husband's death. Last night he received the following dispatch:

EAST LIBERTY, Pa., April 4. Please dispatch at once cost of sending remains to Pittsburgh. Please hold body. MRS. MCFARLIN.

## ROBBED BY A FORMER EMPLOYEE

After Weeks of Watching and Waiting Mr. F. R. Bonnell Captures the Thief Who Robbed Him—He and His Wife Were Wearing Stolen Clothing—Where Stolen Jewelry Had Been Sold.

Samuel Ashley, of No. 353 North street, was arrested, yesterday afternoon, on a charge of burglary in the third degree, preferred by Mr. F. R. Bonnell, of Rockville, and, this morning, was held by Justice A. V. N. Powelson to await the action of the Grand Jury, which meets in Newburgh, next week.

Ashley and his wife were employed for three months by Mr. Bonnell, at his home north of this city. In January they were discharged, and early in March Mr. Bonnell discovered that a quantity of clothing and jewelry were missing from some trunks which were stored in a room in the second story of the wagon house. The lock on the door had been broken open and the articles taken away in a satchel, which Mr. Bonnell had placed in the room on his return from a southern trip, on Feb. 23d. Mr. Bonnell at once suspected his former employee, as the robbery was certainly committed by some one familiar with the premises.

He reported his loss to the police of this city, also his suspicions, and a watch was kept on Ashley. Mr. Bonnell also reported his suspicions to some neighbors of the Ashleys, whom he knew, and described some of the missing property.

On Sunday it was reported to Mr. Bonnell that Mrs. Ashley was wearing a green velvet dress, like one that had been stolen, and, yesterday, Mr. Wickham, a neighbor, reported to Mr. Bonnell that he had seen Ashley at the Erie depot, wearing light colored trousers, of which a pair had been stolen. Mr. Bonnell saw Ashley in Daly's hotel and identified the trousers. He also identified a sleeve button that Ashley had given Mr. Daly's bartender, as Mrs. Bonnell's. Mr. Bonnell procured a warrant, for Ashley and he was arrested by Officer Durham. He claimed that he bought the trousers, but the name of Mr. Gifford, Mr. Bonnell's brother-in-law, was found on the watch pocket.

A search warrant was then procured and Officers Sharpe and Durham made an examination of Ashley's home, and found a number of articles, which were all identified by Mr. Bonnell as his property. Ashley said the stolen property had been left at his house by his brother-in-law, Jack Tritton, of Trenton, and told where he had sold some of the jewelry.

A scarf pin was recovered from Joe Vuolo, a Fulton street shoemaker, who had given twenty-five cents for it. A finger ring, for which Mr. Bonnell had paid \$10, was sold to Herman Walzenegger for \$1. A locket had been sold to J. Friedlander, barkeeper at the Cottage Cafe, for fifty cents. A hair chain, with gold clasps and ornaments, had been sold to Wm. Vogel for \$1.50. All these articles were recovered.

The couple have been married about fifteen years and have a boy fourteen years old. They formerly lived in Warwick.

# DON'T STOP TOBACCO

It is Injurious To Stop Suddenly. And don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of the use of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about "BACO-CURO." It is purely vegetable. You do not have to stop using tobacco with "BACO-CURO." It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An ironclad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded.

Eureka Chemical & Mfg. Co., La Crosse, Wis. Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked often to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally bought three boxes of your "Baco-Curo." I used to-day I commenced using your preparation, and to-day I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, smoking or chewing, is completely gone. I have completely quit me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly, JOHN KRAEMER.

## CONFEDERATE DEAD.

FIRST TRIBUTE TO THEM EVER ERECTED IN THE NORTH.

A Monument in Oakwood Cemetery, Chicago, to be dedicated on Memorial Day to the Men Who Died in Douglas Prison—A Patriotic Undertaking.

The dedication of the monument that has been erected at Chicago in memory of the 6,000 Confederate soldiers who are buried in Oakwood cemetery will take place on Memorial Day, and the preparations that have been made for the event by far surpass anything of the sort that has ever been undertaken. This is the first time that a monument has been erected to the Confederate dead in the north, and for this reason the uniting of the north and south in the patriotic undertaking is all the more significant.

The monument is to mark the resting place of the prisoners who died in Camp Douglas prison during the years from 1862 to 1865, 6,000 in number. The shaft is of Georgia granite, and the bronze figure of a typical Confederate soldier as he would appear just after having surrendered his arms to the other side is the work of a Chicago sculptor. The figure is a most faithful representation of the subject, showing the dejected attitude and downcast countenance of the southern soldier in the moment of humiliation that excites now sympathy as true as that felt for the humiliation that might have been experienced by the Union soldiers.—Cincinnati Enquirer.

THE MONUMENT.

GENERAL HARRISON.

He Has No Idea of Running For the Presidency.

Louis T. Michener, ex-attorney general of Indiana and General Harrison's friend, was in Philadelphia recently and said to a reporter that the ex-president has not any idea whatever of becoming a candidate in 1896. It is not even considered by him, and he will not be a candidate in any sense. "The fact is," he says, "the ex-president has never sought any office, and it has been chiefly owing to political circumstances that he has consented to run for office. He is not the kind of a man to lay pipes for a nomination, and he is always frank and outspoken. If any one imagines the ex-president is giving a thought to the presidency in 1896, he is egregiously mistaken. I know General Harrison has no idea of running for the presidency again unless it becomes a matter of patriotic duty."—Philadelphia Ledger.

A Stateswoman.

The Australians have invented a new word. At any rate, it is unusual if not new. In order to describe Miss Flora Shaw, the very gifted lady who has been instructing the English in colonial matters, they call her a "stateswoman." Miss Shaw is, at any rate, in a unique position. She is on the staff of The Times and has contributed to that journal a great number of papers on colonial affairs, in which imperial and colonial views are skillfully blended. She lectures on this subject also and is probably at this moment one of the influences which more closely knit relations between the mother country and her big daughters across the seas. It would be simpler and equally correct to call her a statesman.—Chicago Post.

The Kid's Prophecy.

Verdigris Kid, the western desperado, who was killed the other day, was a good deal of a philosopher. In his pocket was found a written variation of Solomon's vanity of vanities, which read as follows: "It is hell for a man to live in a world of hell and be killed and go to hell, and such a fate will be for me." A man who is able to look his destiny in the eye so steadily as this is not afraid to look into the barrel of a Winchester. Kid's prophecy came true. He died with his boots on.—New York Sun.

Five Years Behind the Times.

A would-be poetess, writing for Kate Field's Washington, starts out on an ode to the departed congress with these inspiring lines: "No bustle at the capitol, no lobbying to do." We should trust not! Every up to date poetess ought to know that bustles went out of style at least five years ago. Such a mistake might be excused in a poet, but a poetess, never!—Omaha Bee.

## THE COMMON COUNCIL.

## MUCH BUSINESS DONE AT LAST NIGHT'S REGULAR MEETING.

Complaints Concerning Sewer Assessments—Claims for Damages—Canal St. Becomes Wawayanda Ave.—Crosswalks and Curbing Ordered—Much Miscellaneous Business.

A regular meeting of the Common Council was held, last night, all the members being present, as was also a considerable number of citizens.

B. F. Low, Esq., first addressed the Council. He had asked for the cancellation of his assessment of \$40 on account of the Wickham avenue sewer, and also for an assessment of about \$10 on Watkins avenue lot, on account of the Monhagen avenue sewer. The assessments are radically wrong. The idea of the law is that when property is assessed it must be for a present or prospective benefit. In the case of the Highland avenue property he would have to dig 2,000 feet to reach the sewer and get any benefit, and to be benefitted by the Monhagen avenue sewer he would have to dig three-quarters of a mile. If any one could show him how he could be benefitted by these sewers, he was willing to pay his assessments, otherwise he was not, and asked that the assessments be cancelled.

Mr. A. V. Boak said he had been served with a notice of assessment on account of the Monhagen avenue sewer, for a lot on West Main street, near the bridge. The lot is lower than the street and the sewer is only two and a half feet below the surface of the roadway, hence it would be impossible to drain into the sewer. He understood that the sewer in this street had been paid for by the State Hospital, and when the assessment was originally made he had complained of its injustice, and supposed it was cancelled. He had since sold the lot and given, as he supposed, a clear title. He asked that the matter be attended to. He had also been served with an assessment for work done on Monhagen avenue. He did know of any work done there, by which he was benefitted.

## WANTS DAMAGES FROM THE CITY.

E. S. Merrill, Esq., appeared in behalf of Wm. Davis, who he said had been injured by falling on any icy sidewalk in front of the vacant lot on William street, and asked damages to the amount of \$300.

H. W. Purdy, who, some time ago, presented a bill for over \$500 damages to his property on Academy avenue, by reason of the backing up of sewerage, said his bill was not large enough and he desired to recall it and substitute another. His tenants had left on account of the trouble and he was unable to rent his property. He asked that the Council investigate the matter, as no attention had yet been paid to his demand for damages. He said if the matter is not looked after by Council he will take it into the courts. Mr. Purdy's claim now amounts to \$1,000.

W. H. Knapp asked that his bond as City Treasurer be cancelled.

H. W. Corey presented a petition asking for the changing of the name of Canal street to Wawayanda avenue. He said the only objection to the change came from a foreign corporation, while nearly all the property owners desired the change. The name of Canal street had no significance whatever, but Wawayanda avenue had and besides it was euphonious. He objected in the name of the owners of nearly all the property on the street to the proposition of Mr. Fellows to change the name from Fulton street. The only objection really made to the change was that some people might not be able to pronounce or spell the name Wawayanda.

Mr. Boak in behalf of petitioners owning property on the Dolans town road asked for the grading and curbing of the road from the junction with Academy avenue to the city limits, and that the street be given the name of Dolan avenue.

## IT IS WAWAYANDA AVENUE.

On motion of Mr. Sinsabaugh the name of Canal street was changed to Wawayanda avenue.

On motion of Mr. Sinsabaugh the complaints of Messrs. Low, Boak and Purdy were referred to the Sewer Committee.

A petition for a storm sewer on Charles street was referred to the Sewer Committee.

On motion of Mr. Mance a petition of residents of Watkins avenue for the grading and curbing of both sides of the street from Prospect street to Sunset street was granted and the work ordered.

On motion of Mr. Sinsabaugh a petition for the grading and curbing on Bennett street, from West Main to Olive streets, was granted and the work ordered.

Mr. Hirst offered a resolution authorizing each fire company to select three men from its membership and the Mayor to appoint them fire policemen. Referred to Fire Committee.

Mr. Hirst offered a resolution providing for the purchase of suitable badges for all active firemen; that each company be responsible for the badges of its members the same to be paid for if lost and a fine of \$5 be imposed for the wearing of one of

these badges by any one not an active fireman.

Mr. Hirst said his object in introducing these two resolutions was to provide for the establishing of fire lines to be guarded by police and the admission within the lines only of firemen wearing badges. Under the present regulations crowds surround a burning building and often firemen are unable to get near it or if they do are hampered in their work. It was also intended to prevent the stealing of goods at fires. He said from 300 to 350 badges would be needed and their cost would be thirty to thirty-five cents each.

Mr. Bowler moved that the resolution be referred to the Fire Committee with power to purchase badges.

Mr. Sinsabaugh moved an amendment that a special committee be appointed, which was carried and Messrs. Sinsabaugh, Mance and Bowler were named by the President. Mr. Mance asked to be excused; Mr. Reed was named, but wanted to be excused and Mr. Bastian was appointed.

Mr. Reed moved that the work ordered last year on Mills avenue be done as soon as weather will permit.

On motion of Mr. Close the walks on both sides of Prince street were ordered flagged where not already done, within sixty days.

Mr. Sinsabaugh said the flagging had been taken up on Liberty street by parties who opened Lenox Place, two or three years ago, and people were compelled ever since to walk in the mud.

On motion of Mr. Hirst the matter was laid over until next meeting to ascertain who the parties are who should bear the expense of a crosswalk.

Mr. Reed said the residents of Cookling street want a grade.

Mr. Hirst said the street had not been released to the city and to do any work on it would be equivalent to accepting it.

Mr. Reed, however, moved that the engineer establish a grade, but Mr. Bowler and the President convinced him that the city had no rights in the street.

On motion of Mr. Close the engineer was directed to establish a grade on Foundry street.

On motion of Mr. Bowler a crosswalk was ordered on South Street, on the south side of Fulton street.

Mr. Mance said Park Commissioner Minshall wanted two men to do work on Thrall Park.

Mr. Bastian wanted to know why needed work should not also be done on Academy Park.

On motion of Mr. Mance the street superintendent was directed to furnish the Park Commissioner with two men.

On motion of Mr. Hirst the claim of Wm. Davis for damages was referred to the Law Committee.

On motion of Mr. Bastian the Dolans town road was ordered graded, curbed and the walks graveled from the junction with Academy avenue to the N. Y. S. and W. tracks.

The Mayor stated that Mrs. Wallace, who had a claim against the city for land and trees taken in the straightening of North street, had on his advice paid her assessment, and it was now in order to settle her claim. She had first rendered a bill for \$175, but later one for \$395, with exactly the same items had been presented. She should be paid whatever she is justly entitled to and a release of the property taken, obtained.

The Mayor also said H. R. Oorwin, owner of the Bell House, wanted to make repair to his sheds. They were in the fire limits and he insisted that the ordinance regarding fire limits should be rigidly enforced. The sheds on the John street side were two feet upon the street and were in a dangerous condition. He presented a map of John street and recommended that the street be straightened.

His Honor also recommended that flush tanks be put in at all "dead ends" of sewers. It might be

quire ten of these at a cost of \$40 each.

Mr. Hirst said they were not put in when the sewers were built because the Water Board refused to furnish water necessary.

On motion of Mr. Hirst it was ordered that flush tanks be put in as recommended.

On motion of Mr. Mance the matter of the Bell House sheds was referred to a special committee, of which the Mayor was to be chairman. The President named Messrs. Mance, and Reed to act with the Mayor.

On motion of Mr. Sinsabaugh, Monhagen's kitchen was ordered repaired at an expense not to exceed \$15.

On motion of Mr. Sinsabaugh the bond of W. H. Knapp as City Treasurer was ordered cancelled.

On motion of Mr. Reed a special meeting to consider the budget was ordered for Thursday evening next.

On motion of Mr. Hirst the rules of last year's Council were adopted.

## THE WAKEFIELD MEMORIAL WINDOW

Placed in Position To-day—To Be Unveiled on Easter Sunday.

The work of placing the Wakefield memorial window in Grace Church will probably be completed to-day.

The window will be veiled as soon as it is put in place, and will be kept veiled until Easter Sunday.

For the protection of the window there has been placed outside of it a wire screen, imbedded in thick translucent glass, which, while it will not interfere with the effect of the memorial window, will prevent any possibility of its being broken by any stray missile.

Acting through the blood, Hood's Sarsaparilla not only cures scrofula, salt rheum, etc., but gives health and vigor to the whole body.

## YOUNG LADIES' TROUBLE.

## FACTS MADE KNOWN TO FRIENDS

Lady Stenographers, Typewriters, and all Working Girls Interested.

(SPECIAL TO OUR LADY READERS.) This class of women are more or less afflicted with illness brought on by constant application in one position. Therefore all will be interested in the candid expression of this bright young lady of Denver, Col., who writes Mrs. Pinkham as follows:

"This is the first opportunity I have found to write and thank you for the good your Compound has done

me. I feel better than I have for years. It seems a seven days' wonder to my friends. Where I used to be pined, everything is the opposite, and there is not a day but what some one wants to know what I have done to work such a wonder.

"Before taking the Compound I had constant headaches; was constipated; bloated; eyes weak, with watery whites; bearing down pains; pains in the small of my back and right side; took cold very easily, which always caused intense pain in ovaries. I did not want to go anywhere or see any one.

"I was called cross, but I could not help it, feeling as I did. I could not lift anything or do any hard work without suffering for days afterward. Menstruation lasted from eight to ten days, the first two or three days being in almost constant pain, day and night.

"Lydia E. Pinkham's Vegetable Compound has made a new girl of me; am now well, happy, and strong." Yours truly, A. STENOGRAPHER, Denver, Col.
